AUDITORS' REPORT

We have audited the books of the Selectmen, the Town Clerk, Treasurer, Road Agent, Library Trustees, Trustees of Trust Funds, and the Tax Collector for 1947, and also examined the Securities in the hands of the Trustees of Trust Funds. We have found them to be correct to the best of our knowledge and belief.

Auditors

To the Selectmen:

Each year many wardens request the preparation of a statement about forest fires for publication in the annual town report. These requests this year have been more numerous than usual in view of the serious fire situation which developed last October and which could occur again under similar circumstances.

We believe that the publication of the following statement will be helpful and respectfully solicit your cooperation to that end.

W. S. CODMAN
District Chief

FOREST FIRE PROBLEM SERIOUS

The year 1947 was one of the worst periods of drouth and forest fire occurrence in eastern United States history. Lack of water ruined crops, lowered water levels and dried up brooks everywhere. Three months of deficient rainfall and abnormally high temperatures resulted in many fires which were mostly well controlled and kept within bounds. Only the high winds beginning on October 23rd caused a few fires to escape beyond immediate control. These few fires resulted in burning some 15,000 acres and the loss of 63 or more buildings in four New Hampshire towns.

All October fires were costly. They burned deeply in the ground and required day and night patrol of large crews of men until the rains came late in October. Towns which escaped from serious fires might easily have been in the midst of the most serious conflagrations we had.

Governor Dale closed the woods effective at midnight of October 15th. With the blow-up of October 23rd, a second proclamation closed all back roads and authorized towns to inaugurate patrol. The effect of this was to cut down subsequent fires for the rest of the dry period.

Local fire warden forces performed an admirable job to

hold the more than 200 fires that occurred during this October period. Many men were taxed to the utmost as the emergency continued. To them and all those who did their work, the people of New Hampshire owe a debt of gratitude. The state forest fire control agency based on local town wardens and town crews wherever adequately equipped rose to the occasion and met the test in whatever town their services were needed.

It is now time to take stock everywhere of our fire fighting facilities for the season ahead and to make them adequate where necessary. To this end town fire plans and training programs for wardens, deputies and other key men in each district are being arranged or in progress. If equipment and tools are insufficient properly to equip the available manpower in each community with the right tools for the job, they should be provided for at once. The yearly addition of fire tools to the town supply will generally need to be built up. The state sells tools to the towns and shares one-half their cost. Good equipment is important and can help greatly to keep both damage and fire costs at a minimum.

For many years we have requested our wardens not to issue burning permits except on rainy days. This regulation will be in effect again this year as it is one of the best means of assuring such fires from getting out of control. Nine out of every ten fires can be prevented, 98 per cent of all fires being due to human carelessness. Be sure to get a permit for any fire in or near woodland when the ground is free from snow. Be sure your fires are always out before you leave them. Help us in getting the travelling public to keep from throwing out lighted matches or cigarettes. Be careful of all fires in or near woodland.

W. S. CODMAN
District Chief

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of the

School District of Orford:

Accomplishments. The formation of the P.T.A. in Orford last spring is potentially the outstanding accomplishment for the continued success of the Orford schools. Securing the services of such an all-around headmaster as Mr. Elmer Fulton as well as adding an extra full-time teacher in the high school have done much to improve the high school program. The athletic program is also on a much sounder basis with a coach of the caliber of Mr. Leroy Guptil. This means an expansion of basketball and baseball programs with the possibility of six-man football next year. Soccer and skiing are being capably handled by Mr. Fulton. The employment of Mrs. Estelle Nall has done much to add to the Art program in the Street school.

State Aid. Orford recently received a check from the State to the amount of \$6,905.72. This is approximately what was anticipated. Much of this will be used to pay the increased tuition costs to Plymouth Teachers College. The tuition charge went from \$85.00 to \$138.89 per pupil, and next year it will be close to \$150.00. Other uses for this money are for repairs and replacements in both buildings. A new duplicating machine and a typewriter have been added to the Commercial Department, and a new set of Junior Encyclopedia Britannica has been placed in Miss Berry's room for use in grades 5-6-7-8.

Looking Ahead. Every school system should be striving to improve itself. The needs as I see them are: (1) A part-time music teacher for grades from one through twelve; (2) classrooms in both buildings newly lighted and painted; (3) a program for replacing all old furniture with new movable pieces; and (4) a salary schedule that will attract and hold capable teachers.

Teachers. In my report last year I mentioned the need for increasing salaries for teachers. This was done, both by the school board and again at the School District meeting. The high cost of living and the limited number of available teachers will require additional increases this year. I have checked at Plymouth and Keene Teachers College for prospective teachers, and the total number of trained elementary teachers is twenty-five. This will make replacements difficult and emphasizes the need for retaining our present staff.

Budget. In order to carry out some of the suggestions in both of the two preceding paragraphs, the budget will, of necessity, have to be increased. Several other items will cause it to rise; namely, transportation, tuition, general increased costs, and additional funds for an all-round athletic program. The Recreational Council has very graciously made available a sound machine. The instructional item for visual aids should be increased to make use of this fine equipment.

The Schools Are Yours—Visit Them. During American Education Week (November 9-15) the above heading was emphasized. I wonder how many people in Orford took advantage of this invitation? A democratic society depends on an enlightened citizenry and has set up the public school as the institution to give this general all round training. Parental visitation is the tie that binds the home, school, and child. Again, may I cordially invite you to see *your* schools in action.

Respectfully submitted,

PAUL F. POEHLER, JR.
